Porodica Bandić je organizirala seosko domaćinstvo i prilagodila ga potrebama zaljubljenika u prirodu, seoski način života, zdravu ishranu, te uživanje u prirodnim ljepotama i posebnoj, mističnoj energiji sela Umoljani. Već dugi niz godina porodica Bandić, na tom prostoru baštini vrednote tradicijskog načina života i svih historijskih, kulturnih, prirodnih i drugih prednosti i specifičnosti sela Umoljani i planine Bjelašnice. Koriste blagodati prirode, pa uzgajaju povrće za sopstvene potrebe, ali i za svoje goste, domaće sokove i džemove, a posebno vole interakciju sa gostima, koji, nerijetko, i sami učestvuju u pripremanju istih. U vođenju domaćinstva i kreiranju sadržaja za goste uzimaju najbolje od modernog vremena i kombiniraju ga sa iskustvima predaka.

U turističkoj ponudi, pored boravka u kući sagradjenoj od prirodnih materijala (kapacitet: do deset gostiju), nude gastronomske užitke, te mnogobrojne sadržaje za goste, pogotovo porodice sa djecom (igralište, staza za tubing, sankanje, mali ski lift, mali zipline, dječije klizalište, edukativne radionice itd.).

Namjera im je probuditi poštovanje prema prirodi radi nje same, radi njene vitalne važnosti i zahvalnosti koju joj treba dugovati u svakom smislu, od fizičkog opstanka u njoj do izuzetnih poruka mudrosti koje daje u svakom trenutku.

Svojim gostima poručuju:

Dođite u restoran "Studeno vrelo" i planinsku kuću "Aždaha" i udahnite zajedno novi život tradiciji. Budimo na izvoru!

U tihom, mističnom, jednom od najstarijih bogumilskih sela čeka vas drvena kućica, ušškana pod krošnjama, sa čijeg balkona vas budi samo cvrkut ptica i zvuk planinskog vjetera. Odškrinite ta vrata i ponovo pronađite ono što ste u gradu izgubili.

Planinska kuća "Aždaha" i restoran "Studeno vrelo" u mističnim Umoljanima!

The Bandić family organized a rural household and adapted it to the needs of nature lovers, rural lifestyle, healthy nutrition, and enjoyment of natural beauties and special, mystical energy of the Umoljani village. For many years, the Bandić family, in this area, inherited the values of the traditional way of life and all the historical, cultural, natural and other advantages and specifics of the Umoljani village and the mountain of Bjelasnica. They use the benefits of nature, so they grow vegetables for their own needs, but also for their guests, homemade juices and jams and especially love the interaction with guests, who, often participate in the preparation of them themselves. In running a household and creating content for guests, they take the best of modern times and combine it with ancestral experiences.

In the tourist offer, in addition to staying in a house built of natural materials (capacity: up to ten guests) they offer gastronomic delights, and numerous facilities for guests, especially families with children (playground, tubing trail, sledding, small ski lift, small zipline, children's ice rink, educational workshops, etc.).

Their intention is to awaken respect for nature for its own sake, for its vital importance and for the gratitude it should be owed in every sense, from the physical survival in it to the extraordinary messages of wisdom in every moment.

They tell their guests:

Come to the restaurant "Studeno vrelo" and chalet "Aždaha" and let's breathe new life into tradition together. Let's be at the source!

In a quiet, mystical, one of bogumil's oldest villages, a wooden cottage awaits you, tucked away under the canopy, from whose balcony you are awakened only by the chirping of birds and the sound of the mountain wind. Open that door and rediscover what you lost in the city.

Chalet "Aždaha" and the restaurant "Studeno vrelo" in mystical Umoljani village!
